### Comments:

You hold hearings on May 2 and expect statements by May 5 - Your plan for piping water to the west in fact all of us & I find your procedure ignoring the needs of our communities at Ft. Berthold as you continue to take water. The pipeline is already being built - it reminds me of the Garrison Dam - when the Corp was negotiating "in good faith" to take 156,000 acres of our best land, the machinery to begin the dam was already at the site near Riverdale! You need to stop and get more information to us in how you take water, <sup>at</sup> for what use, and how much.
